ROTARY COMMEMORATE COVER (ROTARY STAMP)
FOR IMMUNIZATION OF HEPATITIS B IN CHINA**

The sales of this Rotary Commemorate Cover is in aid of our District 10 years' project to immunize one million newborn babies in China.

Members of the Rotary International District 3450 have reason to be proud of having committed to raise enough funds to immunize one million newborn babies in China to save them from the Hepatitis B virus.

Initiated in 2001, the project aims to eliminate the long-term Hepatitis disease burden in China. Hepatitis B can be reduced dramatically by immunizing newborn children with a safe and effective vaccine.

The theme of this Rotary year is "Lend a Hand". Please join us in living this theme by completing the Order Form below:
